

Node.js

```
PS C:\Users\GANESH\Downloads\NodeJS Practical> node --version
v24.15.0
PS C:\Users\GANESH\Downloads\NodeJS Practical> npm --version
11.12.1
PS C:\Users\GANESH\Downloads\NodeJS Practical>
```

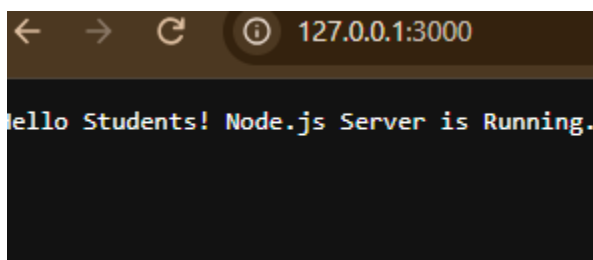

```
PS C:\Users\GANESH\Downloads\NodeJS_Practical> node app.js
Hello Students!
Welcome to Node.js
PS C:\Users\GANESH\Downloads\NodeJS_Practical>
```

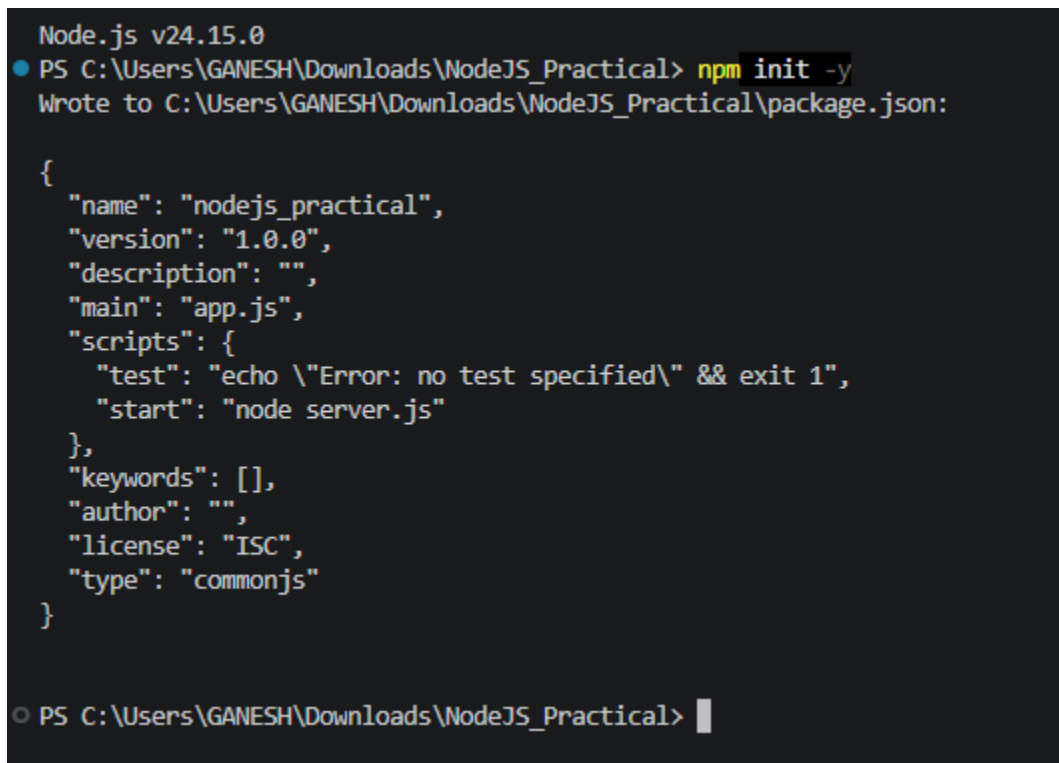

The screenshot shows the Visual Studio Code editor interface. On the left, the Explorer sidebar displays a file tree for a project named 'NodeJS_Practical'. The files listed are 'app.js', 'console.js', 'hello.js' (which is selected), 'package.json', and 'server.js'. The main editor area has several tabs open: 'Welcome', 'app.js', 'server.js', 'hello.js', and 'console.js'. The 'hello.js' tab is active, showing the following JavaScript code:

```
1 const http = require("node:http");
2
3 const listener = function (request, response) {
4     response.writeHead(200, {
5         "Content-Type": "text/html"
6     });
7
8     response.end('<h2 style="text-align: center;">Hello World</h2>');
9 };
10
11 const server = http.createServer(listener);
12
13 server.listen(3000);
14
15 console.log("Server running at http://127.0.0.1:3000/");
```

The screenshot shows a web browser window. The address bar at the top displays the URL '127.0.0.1:3000'. The main content area of the browser shows the text 'Hello Students! Node.js Server is Running.' in a monospaced font.

The screenshot shows a terminal window with the following text:

```
Node.js v24.15.0
PS C:\Users\GANESH\Downloads\NodeJS_Practical> npm init -y
